PANAsac Workshop 2016

Saturday, November 19, 2016

0815 – 1545 hr

Foothills Medical Centre

Coombs Theatre

Ground floor

1403 – 29th Street NW

Calgary, Alberta

Workshop Schedule

(Please also visit us at www.PANAsac.ca)

0815 Registration / Coffee and Snacks

0845 – 1110 The Neuro Patient & Assessments

**Presenter: Julie Reader RN, BN
CNE Neurosurgery**

Julie graduated from the University of Calgary in 2004 with a Bachelor of Nursing degree. She has spent her 12 year career in Clinical Neurosciences, practicing as a Registered Nurse. The first seven years were spent as a bedside nurse in hyper-acute neurosurgery care. She also has experience as a Nurse Clinician, Clinical Resource Nurse, and has spent the last five years as a Clinical Nurse Educator (CNE) on the Acute Spinal Care Unit at Foothills Medical Center (FMC) in Calgary. In her role as a CNE, she has developed a passion for knowledge translation of best practices to the FMC neurosciences nursing community, focused on spinal cord injury, pressure ulcer prevention, care of spine surgery patients.

5 minute break between presenters only

1115 – 1230 Patient Safety Initiatives & RLS Themes

**Presenter: Brian Zarsky, RN
RGH Safety Lead**

Brian Zarsky is a Clinical Safety Leader (CSL) for Patient Safety in the Calgary Zone. He holds both a Bachelor of Kinesiology in Exercise Physiology (1996) and Bachelor of Nursing (2003) from the University of Calgary. After graduation from nursing, Brian worked on MTU (Unit 62 prior to Unit 36) at the Foothills Medical Centre, previous to working for 11 years in the Emergency Department at both the Peter Lougheed Centre and the Foothills Medical Centre. During that time he also worked at a private infusion clinic and as an In-Service Consultant for a medical supply company. Brian has been in his role as Clinical Safety Leader for the past 2 years. He supports the Rockyview General Hospital as well as the Calgary Zone Emergency Departments. In his role as a CSL, Brian helps support patient safety initiatives for his site and area. He acts as a link between staff (reporters), the Reporting and Learning System (RLS), and operational leaders. As required, Brian coordinates patient safety initiatives while promoting a just culture of reporting and learning around patient safety issues. A large part of his role includes supporting Quality Assurance Committee (QAC) activities.
