

## **PeriAnesthesia Nurses of New Brunswick and Prince Edward Island**

After graduating from Université de Moncton in Moncton, NB in 2009, I started my career at the New Brunswick Heart Center in Saint John, NB. I have a great passion for Cardiovascular Nursing, but after returning to Moncton I decided to take on a new challenge in PeriAnesthesia Nursing. I have developed my passion for education, mentoring and team work! My other work experience includes Emergency Medicine and Travel Nursing. Currently, I am working as the Surgery Program Educator for The Moncton Hospital. When I am not working, I'm busy dreaming & planning my next travel destination.

While working in the Post Anesthesia Care Unit, I was introduced to PANNB/PEI. I have always enjoyed learning and organizing events, so when I was asked if I would like to get involved I was very excited to take part. As President-Elect, I attended my first board meeting held in Regina in 2014. It was a great learning experience. Seeing how much our Association has grown on a Provincial, National and International level makes me proud to be a part of it all. I'm looking forward to meeting our members to network and learn from each other.

Cynthia (Cindy) Power

President PANNB/PEI
