**Greetings from the President of the National Association of PeriAnesthesia Nurses of Canada**

**Hello again Colleagues in PeriAnesthesia Nursing!**

Autumn in Canada: as variable coast to coast as anyone can imagine! We've had hot summer-like temperatures in some areas, and we've had cold winds and even snow in other regions. I hope that you are enjoying the occasional temperate and sunny day with the leaves on the trees as they change to beautiful shades of orange, crimson and gold. I think this is my favourite time of the year. It is also the time of year when there is a sense of progress and renewal as school years begin and we ramp up to full speed again with maximum volumes in all health care facilities.
